PRODUCT GUIDE

SOME SAY YOU ARE WHAT YOU EAT. WE BELIEVE YOU ARE WHAT YOU **ABSORB.**

Holistic Nutritionists accept that most issues start in the gut. By crafting each recipe based on sound scientific principles and natural ingredients, each of Nutram's recipes cater to supporting pet wellness from the inside-out—starting with the gut.

When you support the gut you support the body, allowing for optimum nutrient absorption—your pet receives all of the benefit of each ingredient, as nature intended.

Each holistic Nutram recipe is enhanced with our Optimum Combinations™, a perfect pairing of ingredients that complement one another's benefits—taking holistic nutrition to the next level.

Naturally preserved and hormone-free, Nutram's recipes are made from all-natural ingredients. Never any corn, wheat or soy added.

Complete and balanced nutrition that supports optimum absorption and nourishes pets' total wellbeing.

With over 20 years of pet nutrition expertise, Nutram's team of Nutritionists, Holistic and culinary professionals are truly Canada's pet food experts. Starting in 1993, Nutram recipes have been crafted in Ontario, Canada at our world-class production facility.

THE DIFFERENCE IS IN OUR
OPTIMUM
COMBINATIONS™

A NUTRITION FOCUSED PATH — TO — TOTAL PET WELLNESS

Wellness is a journey, not a destination. Nutram recipes take a nutrition focused path to total pet wellness by carefully selecting each premium ingredient and what they contribute to the body as a whole. Each holistic Nutram recipe is then enhanced with our **OPTIMUM COMBINATIONS™**, a perfect pairing of ingredients that complement one another's benefits to take our holistic nutrition to the next level.

Cranberries + Celery Seeds for Healthy Bladder

Recipes: **S1** **S5** **I12** **I17** **I19** **T22** **T24**

Wet Recipes: *urinary+* (for adult cats)

The combination of Cranberries and Celery Seeds also provides support to the urinary system. Cranberries, a natural acidifier, and Celery Seeds, an effective diuretic used to maintain healthy fluid levels, working together with proper pH and moderate ash levels, support a healthy bladder.

Turkey + Chamomile for Calming Effect

Recipes: **T27**

Turkey, a source of tryptophan, and Chamomile, with its relaxing properties, which work together to soothe the body.

Lamb + Pumpkin for Better Digestion

Recipes: **I14** **I20** **T26**

Wet Recipes: *digestive+* (for dogs)

Lamb, a gentle protein source and Pumpkin, with its natural fibers, provide an optimal environment for proper digestion.

Salmon Oil + Rosemary for Immunity Boost

Recipes: **I20** | **I19**

Immune boosting properties of Rosemary, a powerful anti-oxidant, and Salmon Oil, a rich source of anti-inflammatory EPA, which promotes the right environment for beautiful skin and a shiny coat.

Whole Eggs + Quinoa Seed for Muscle Strength

Recipes: **S3** **T23**

Quinoa, a low-glycemic nutrient dense food, when combined with Whole Eggs, a highly digestible protein source, provide the body with all the tools it needs for strong muscles.

Salmon Oil + Flaxseed for

Healthy Skin & Coat and Cognitive Development

Recipes: **S2** **S3** **S6** **S7** **S9** **S11** **S46** **S49** **I14** | **S1** **S5** **I17**

Wet Recipes: *cognitive+*

Salmon Oil and Flaxseed, rich in Omega-3s, allows Nutram's Optimum Combinations™ to provide the nutrients that support healthy skin and a shiny coat.

Rich sources of Omega-3s support the normal cognitive development in your young pet.

Kale + Peppermint for

Natural Detox

Recipes: **S49** **T23** **T25**

Kale, a rich source of phytonutrients, and Peppermint, a soothing herb helps the body to naturally, and gently, detoxify.

Salmon Oil + New Zealand Green Mussel for

Improved Mobility

Recipes: **I18**

Anti-inflammatory sources of Omega-3 fatty acids through whole foods, such as Salmon Oil and New Zealand Green Mussel, provide the optimal environment for improved mobility.

Flaxseed + Turmeric for

Immunity Boost

Recipes: **T22**

Wet Recipes: *immunity+* (for cats)

Flaxseed, rich in Omega-3 fatty acids, and Turmeric, a source of curcumin, provide immune boosting properties to help support a strong immune system.

Pumpkin + Ginger for

Better Digestion

Recipes: **S6**

Pumpkin is rich in fiber, assisting with movement of food through the digestive system, while ginger soothes the digestive system, promoting easier digestion.

Salmon Oil + Turmeric for

Improved Mobility and Immunity Boost

Recipes: **S8** **S10** | **T24**

Turmeric, a source of curcumin, and Salmon Oil, rich in Omega-3 fatty acids, together provide anti-inflammatory properties that support and improve your pet's mobility. This combination will also provide immune boosting properties to help support a strong immune system.

Pomegranate + Green Tea Extract for Immunity Boost

Recipes: **S10**

Pomegranate and Green Tea have antioxidant properties that will help support your pet's natural defence against free radical and oxidative stress.

Chicory Root Extract + Peppermint for Better Digestion

Recipes: **S8** **S11** **S46**

Chicory Root, a prebiotic, promotes the growth of natural intestinal bacteria, while Peppermint calms and soothes the digestive tract, allowing your pet's digestive system to function optimally.

Lamb + Quinoa Seed for Muscle Strength

Recipes: **T29**

Quinoa, a low-glycemic nutrient dense food, when combined with Lamb, a gentle protein source, provide the body with all the tools it needs for strong muscles.

Blueberries + Blackberries for Immunity Boost

Recipes: **T25** **T28**

Blueberries and Blackberries, rich sources of powerful anti-oxidants, which help boost the immune system and promote vitality.

Pomegranate + Turmeric for
Immunity Boost

Recipes: **S2** **S7**

Pomegranate, rich in polyphenols, and Turmeric, a source of curcumin, both have rich antioxidant properties that will help support your pet's natural defence against free radical and oxidative stress.

Pumpkin + Chicory Root Extract for
Better Digestion

Recipes: **S9** **I18** **T29** | **I12**

Chicory Root promotes the growth of natural intestinal bacteria, while Pumpkin is rich in fiber. Fiber assists with the movement of food through the digestive system and prolongs satiety, crucial for weight management.

Flaxseed + New Zealand Green Mussel for
Improved Mobility

Recipes: **T26**

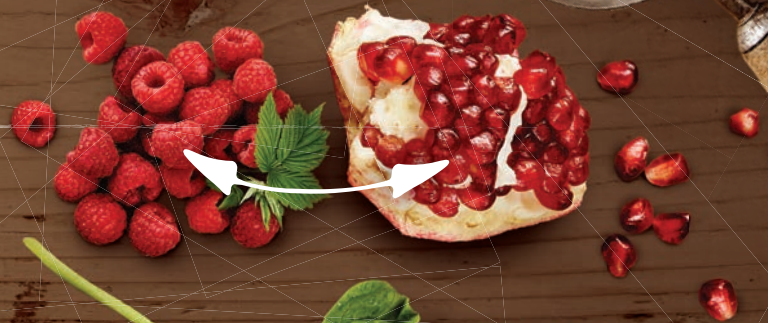

Anti-inflammatory sources of Omega-3 fatty acids via whole foods, such as New Zealand Green Mussel and Flaxseed, for improved mobility.

Pomegranate + Raspberries for
Immunity Boost

Recipes: **T27**

Pomegranates and Raspberries, rich sources of powerful anti-oxidants, help boost the immune system of small dogs.

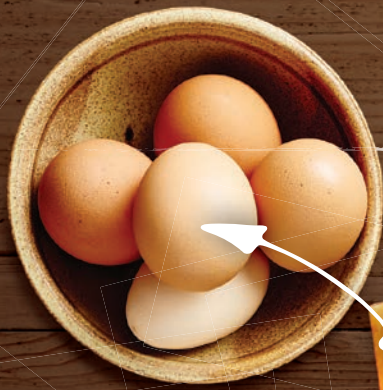

Spinach + Chamomile for
Calming Effect

Recipes: **T28**

Spinach, a source of magnesium, and Chamomile, with its relaxing properties, which work together to soothe the body.

Pumpkin + Whole Eggs for **Better Digestion**

Wet Recipes: *digestive+* (for cats)

Whole Eggs, a highly digestible protein source, and Pumpkin, with its natural fibers, provide an optimal environment for proper digestion.

Pumpkin for **Better Digestion**

Wet Recipes: *digestive+* (for cats)

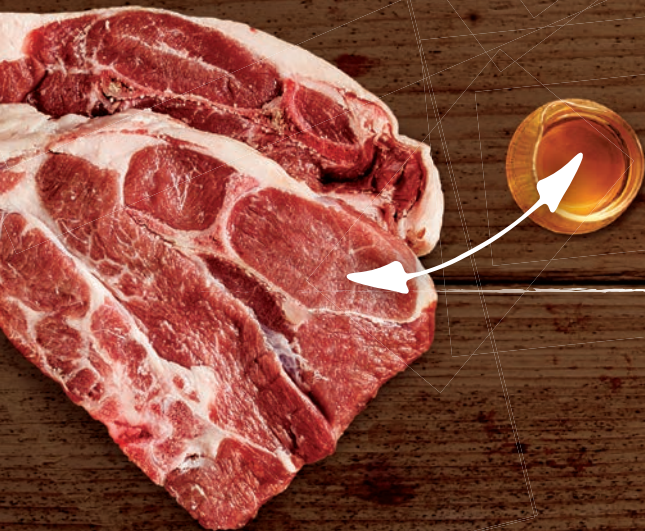

Pumpkin, rich in both soluble and insoluble fibre, assists with movement of food through the digestive system.

Spinach + Blueberries for **Immunity Boost**

Wet Recipes: *immunity+* (for dogs)

Spinach and Blueberries, rich sources of powerful antioxidants, which help boost the immune system and promote vitality.

Lamb + Salmon Oil for **Improved Mobility**

Wet Recipes: *mobility+* (for dogs)

Lamb, a high-quality protein source that provides essential amino acids to support muscle strength, and Salmon Oil, rich in Omega-3 fatty acids that provides anti-inflammatory properties that support and improve your pet's mobility.
